Dear Charmaine,

Please extend my deep thanks and appreciation to the programming folks there for a job well done, and while I'm handing out kudos, take some for yourself and for everyone else in Missoula who has bent over backwards for us here in Gainesville. You guys really do make it much easier to accomplish our day-to-day business, and often times customers like us just don't stop for a minute to acknowledge the great work you all do on our behalf.

Also, please feel free to post my above comments on your web page.

Regards,
