

CLEVELAND METROPOLITAN SCHOOL DISTRICT

The primary goal of the Cleveland Metropolitan School District is to become a premier school district in the United States of America.

Dear Edulog,

Facing yearly budget cuts, the Cleveland Metropolitan School District is no different from other districts across the country looking for methods to eliminate expenses. We use the Edulog run optimization software every year, and we're able to cut 10 buses, for a savings of \$250,000 from our transportation department, before the 2009/2010 school year. These cost savings would never have been accomplished without the capabilities of Edulog, which has greatly increased the efficiency of our department's operation.

Ron Latare
Routing & Planning Supervisor
