Let's Be Honest

Transportation departments are being asked to do more with less, which is why the Athena Transportation Suite is designed to help you save money, increase safety, and make life easier for you and your staff.

Better, Faster, Stronger

Our intuitive interface lets you work graphically on your customizable maps or with a spreadsheet-style interface to make sure your workflow is comfortable and familiar.

Drag-and-Drop Simplicity

Easily select and assign multiple students to stops, quickly assign stops to runs, and do it all right from your map. Performing your most common routing tasks is easy.

The First Step Towards Savings

EDULOG offers a complete suite of student transportation solutions that make routing easy. Our Routing and Planning integrates with our Cloud-based solutions, Telematics software, Student Ridership, and more.

What if your school district's routing and planning software required less work, not more?

Why EDULOG Routing and Planning?

Modern pupil transportation departments need modern planning software. With an updated, streamlined user interface, the Athena Transportation suite makes your daily tasks easier and faster than. Plus, EDULOG's optimization capabilities are more accurate than ever before, with an improved proprietary routing algorithm that takes advantage of today's enhanced computing power.

Scan the QR code to the right to find out why districts across the U.S. and Canada use EDULOG software for all of their transportation needs:
