

# EDULOG TABLET TRAINING - VIRTUAL

## TIPS FOR SUCCESS

### WELCOME

We are excited to confirm your participation in the upcoming Tablet Training session, designed to empower you with the knowledge and techniques essential for tablet operations. Below are the details to ensure a smooth and successful training experience.

### WHAT TO EXPECT

During the training you can expect to:

- Learn how to navigate relevant modules within Driver Portal.
- Have the opportunity to ask questions and address any challenges.
- Learn to troubleshoot basic tablet issues.
- Gain resources and confidence in using tablets and Driver Portal

### JOINING THE TRAINING SESSION

- You will receive a Teams Invite prior to your training session, containing the date, time, and access details.
- Access the training via the Teams link or by calling the number provided.
- For more information about Teams meetings, click [this link](#).

### PREPARATION TIPS

- Provide tablets for participants, if able.
- Make sure tablets turn on and you can log into Driver Portal before the start of training.
- Consider turning on your camera for introductions, and feel free to disable it after the training starts.

### RESOURCES

Sessions will be recorded, and typically available the day after the training. Training resources, including guides, handouts, and infographics, will be provided after the training session is complete.
