TITLE CHANGE OF *PREMISES* MODAL TO *LOCATION* MODAL

In the 1.66 release; the School *Premises* Data Management Card, users that wish to add a new location or edit a pre-existing one will see that the child window appears with the title of *Location*.

The screenshot shows a modal window titled "Location" with a close button (X) in the top right corner. The form contains the following fields:

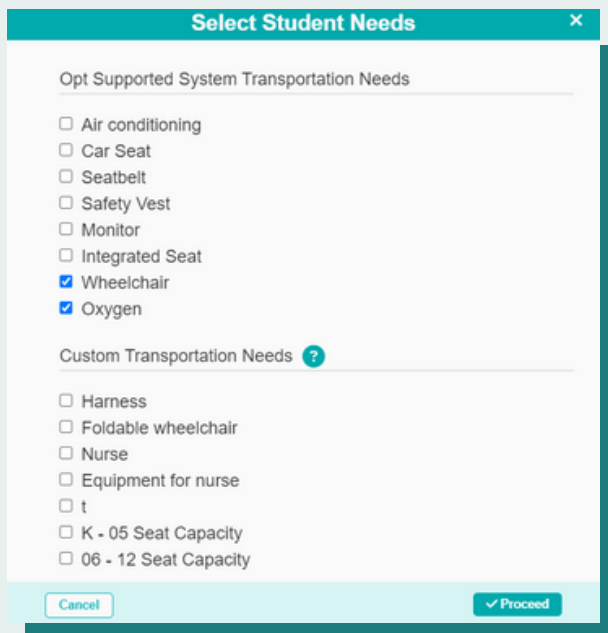

- ID ***: Text input field containing "TestDO".
- Type ***: Dropdown menu with "DROPOFF" selected.
- Address ***: Text input field containing "301 W SCARRITT ST" and a location pin icon on the right.
- Description**: Text input field containing "TestDO".

At the bottom of the modal, there are two buttons: "Cancel" on the left and "Save" on the right.

TRANSPORTATION NEEDS SPLIT FOR SPED OPTIMIZATION SELECTION, AND OTHER TRANSPORTATION NEEDS SELECTION.

The screenshot shows a modal window titled "Select Student Needs" with a close button (X) in the top right corner. The form is divided into two sections:

- Opt Supported System Transportation Needs**: A list of checkboxes with "Wheelchair" and "Oxygen" selected.
- Custom Transportation Needs ?**: A list of checkboxes for additional needs, including "Harness", "Foldable wheelchair", "Nurse", "Equipment for nurse", "t", "K - 05 Seat Capacity", and "06 - 12 Seat Capacity".

At the bottom of the modal, there are two buttons: "Cancel" on the left and "Proceed" on the right.

The Transportation Needs modal has been split to facilitate a division between items that can be selected and used in SPED run optimization, or other transportation needs that are necessary to note, but do not factor into the SPED run optimization process.

PICK A DATE FUNCTION ADDED INTO ALTERNATE REPORTS> RUNS & ROUTES

In DM>Alternate Reports> Runs & Routes a calendar option has been created in order to generate a run/route for a selected date. This gives users the opportunity to run reports before they're due to go out!

BATCH STOP AND SCHOOL DURATION TIME UPDATES IN TOOLS>RUN UTILITIES.

In Tools> Run Utilities users can now bulk update stop and school stop durations, number of students in minimum stop duration, and extra time per additional student at stop.

A screenshot of a web form titled 'Batch Set Stop Duration'. The form has a teal header with a close button (X). Below the header, it says 'Please fill the information about stops/schools stop duration :'. There are four input fields: 'Minimum stop duration', 'School stop duration', 'Number of students included in minimum stop duration', and 'Extra time per additional student at stop'. At the bottom right, there are 'Cancel' and 'Save' buttons.

Time and Attendance Features

Athena Time and Attendance allows users to better organize time and attendance needs, including the management of employees, exporting payroll documentation and the creation of various records for employee needs.

Employee Expirations Report

With the 1.66 release, the user will now be able to create and run reports that will assist in tracking certifications, training, and licenses that are either set to expire or have already expired.

The screenshot displays the Athena system interface. On the left, a 'Search' panel is open, showing a 'Filters' section with 'Expiration Date' set to '08/01/2024-08/31/2024'. Below the search panel, a 'Report List' table is visible. The table has columns for Report Type, Report Name, Type, Scheduled Type, Status, Scheduled Time, Executed Time, Next Run Time, Edit, and Ca... (Cancel). The first row in the table is highlighted in orange and shows 'Employee Expiration ...' as the Report Name, 'employee_expiration' as the Report Name, 'Manual' as the Type, 'Processing' as the Status, and '08/28/2024, 04:38 AM' as the Executed Time.

Report Type	Report Name	Type	Scheduled Type	Status	Scheduled Time	Executed Time	Next Run Time	Edit	Ca...
	Employee Expiration ...	employee_expiration	Manual	Processing		08/28/2024, 04:38 AM			

Corrected Software Defects

With every Athena release, Edulog is committed to identifying and correcting software defects from previous versions in order to continually improve user experience. For additional information regarding specific software revisions, please reach out to your Athena Service Provider and reference the corresponding number below.

.....
